Houston, Texas. 187

C. W. Proffler Esq

Austin.

Dear Sir,

In other day I had a chance to get a revision of the John M. Knight survey in Fort Bend Co over the corner of the 3 Counties with the corner of said 3 Counties (namely: Tarrant, Fort Bend & Waller) I herewith send you a sketch of same.

The two corners in Fort Bend Co are there & also the lines as per the Tarrant records are plainly marked but are inaccurately & not true run, the distances are all right. Buffalo Bayou crosses the N line of the tract 218 var N45° E from the W corner, this crossing point of Buffalo Bayou is 2178 var South and 214 var East from the joint corner of the three Counties

Most Respectfully Yours

Truly  
Yours  
Ba
