Dr Sir.

I enclose
herewith a sketch of Sand Hollow
Frio Co. The Error seems to have
been in the connection of State Sur.
No 638. & the two state sections on
S.W. The West Cor. of Sec. No 638.
is by actual measurement 140th
S 45° E from North Cor. of Sec No 6.
I also find that the length of
Sections Nos 6. 8. 10. 2 & 4. exceed
5 miles. also that the bearing
true. given in the records of field
notes of this Office - for the South
Corner of Section No 4. are
actually at the West Cor. of said
Section No 4. and North Cor. of
Section No 3. B.S. & F. S. 14009 -
also that there are no bearing true
to be found for North Cor. of Frio
Co. S. L. No 1. This Cor. was established
by running from S. Cor. of Sur. No 3
S. 14009.

Filed May 31st 1883.
