

No 2751

LAND SCRIP.

640 ACRES.

State of Texas General Land Office.

Austin March 11/1882

This Certificate entitles The **TEXAS CENTRAL RAILWAY COMPANY** to **SIX HUNDRED & FORTY ACRES** of LAND to be located and surveyed upon any of the vacant and unappropriated public domain of the State, said company having completed and put in running order the A section of 33+ miles of its road in accordance with the provisions of Chapter twelve Title **LXXXIV** of the Revised Statutes.

The lands granted to said company are to be located in alternate sections and surveyed in the following manner:

1. Two sections of land adjoining and connecting with each other must be surveyed, one for the State and the other for the Company.
2. The surveys to be made square unless prevented by previous entries or navigable streams.
3. When the field notes have been returned to the General Land Office, the Commissioner will number the surveys and report the results to the Surveyor, who will fill up the blanks left in his record for that purpose accordingly. (As a matter of convenience in describing the surveys when reporting the numbers, the Surveyor should number the field notes temporarily in pencil)
4. In dividing the surveys a fraction of over three hundred and twenty acres will be counted as a whole section, and two fractions of less than three hundred and twenty acres will be regarded as a section.
5. The even numbers will be reserved to the State and the odd numbers to the Company.

IN TESTIMONY WHEREOF, I hereunto set my hand and affix the impress of the seal of said office, the date first above written.

M. C. Marsh
Commissioner.

No. 2756

LAND SURVEY

640 ACRES.

State of Texas-General Land Office.

Austin March 1887

This Certificate entitles The **TEXAS CENTRAL RAILWAY COMPANY** to **SIX HUNDRED & FORTY ACRES** of LAND, to be located and surveyed upon any of the vacant and unappropriated public domain of the State, said company having completed and put in running order the A section of 33 1/4 miles of its road in accordance with the provisions of Chapter twelve Title **LXXXIV** of the Revised Statutes.

The lands granted to said company are to be located in alternate sections, and surveyed in the following manner:

1. Two sections of land adjoining and connecting with each other must be surveyed, one for the State and the other for the Company.
2. The surveys to be made square unless prevented by previous entries or navigable streams.
3. When the field notes have been returned to the General Land Office, the Commissioner will number the surveys and report the results to the Surveyor, who will fill up the blanks left in his record for that purpose accordingly. (As a matter of convenience in describing the surveys when reporting the numbers, the Surveyor should number the field notes temporarily in pencil.)
4. In dividing the surveys a fraction of over three hundred and twenty acres will be counted as a whole section, and two fractions of less than three hundred and twenty acres will be regarded as a section.
5. The even numbers will be reserved to the State and the odd numbers to the Company.

IN TESTIMONY WHEREOF, I hereunto set my hand and affix the impress of the seal of said office, the date first above written.

LAND SCRIP.

640 ACRES.

State of Texas General Land Office.

Austin March 4/1882

This Certificate entitles The **TEXAS CENTRAL RAILWAY COMPANY** to **SIX HUNDRED & FORTY ACRES** of LAND, to be located and surveyed upon any of the vacant and unappropriated public domain of the State, said company having completed and put in running order the A section of 33+ miles of its road in accordance with the provisions of Chapter twelve Title **LXXXIV** of the Revised Statutes.

The lands granted to said company are to be located in alternate sections, and surveyed in the following manner:

1. Two sections of land adjoining and connecting with each other must be surveyed, one for the State and the other for the Company.
2. The surveys to be made square unless prevented by previous entries or navigable streams.
3. When the field notes have been returned to the General Land Office, the Commissioner will number the surveys and report the results to the Surveyor, who will fill up the blanks left in his record for that purpose accordingly. (As a matter of convenience in describing the surveys when reporting the numbers, the Surveyor should number the field notes temporarily in pencil.)
4. In dividing the surveys a fraction of over three hundred and twenty acres will be counted as a whole section, and two fractions of less than three hundred and twenty acres will be regarded as a section.
5. The even numbers will be reserved to the State and the odd numbers to the Company.

IN TESTIMONY WHEREOF, I hereunto set my hand and affix the impress of the seal of said office, the date first above written.

640 ACRES.

State of Texas General Land Office

Austin March 24/1882

This Certificate entitles The **TEXAS CENTRAL RAILWAY COMPANY** to **SIX HUNDRED & FORTY ACRES** of LAND, to be located and surveyed upon any of the vacant and unappropriated public domain of the State, said company having completed and put in running order the W section of 33 1/4 miles of its road in accordance with the provisions of Chapter twelve Title **LXXXIV** of the Revised Statutes.

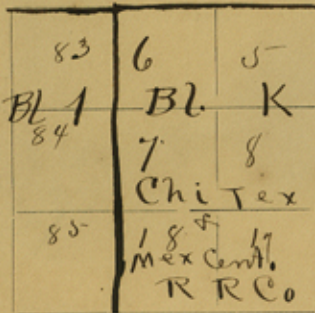

The lands granted to said company are to be located in alternate sections, and surveyed in the following manner:

1. Two sections of land adjoining and connecting with each other must be surveyed, one for the State and the other for the Company.
2. The surveys to be made square unless prevented by previous entries or navigable streams.
3. When the field notes have been returned to the General Land Office, the Commissioner will number the surveys and report the results to the Surveyor, who will fill up the blanks left in his record for that purpose accordingly. (As a matter of convenience in describing the surveys when reporting the numbers, the Surveyor should number the field notes temporarily in pencil.)
4. In dividing the surveys a fraction of over three hundred and twenty acres will be counted as a whole section, and two fractions of less than three hundred and twenty acres will be regarded as a section.
5. The even numbers will be reserved to the State and the odd numbers to the Company.

IN TESTIMONY WHEREOF, I hereunto set my hand and affix the impress of the seal of said office, the date first above written.

No. 2794

LAND SCRIP.

640 ACRES.

State of Texas General Land Office.

Austin March 4 1882

This Certificate entitles The TEXAS CENTRAL RAILWAY COMPANY to SIX HUNDRED & FORTY ACRES OF LAND, to be located and surveyed upon any of the vacant and unappropriated public domain of the State, said company having completed and put in running order the
A section of 33 1/4 miles of its road in accordance with the provisions of Chapter twelve Title LXXXIV of the Revised Statutes.

The lands granted to said company are to be located in alternate sections, and surveyed in the following manner:

1. Two sections of land adjoining and connecting with each other must be surveyed, one for the State and the other for the Company.
2. The surveys to be made square unless prevented by previous entries or navigable streams.
3. When the field notes have been returned to the General Land Office, the Commissioner will number the surveys and report the results to the Surveyor, who will fill up the blanks left in his record for that purpose accordingly. (As a matter of convenience in describing the surveys when reporting the numbers, the Surveyor should number the field notes temporarily in pencil)
4. In dividing the surveys a fraction of over three hundred and twenty acres will be counted as a whole section, and two fractions of less than three hundred and twenty acres will be regarded as a section.
5. The even numbers will be reserved to the State and the odd numbers to the Company.
