Dear Sir

you  
will observe that a change has  
been made in the field notes  
of the J Dickinson survey, as  
given on your map of this Co.  
- This change of 1050 vs to  
1351 vs, was made by the  
court when the league was  
divided among the Hill and heirs  
about 4 years ago -

Your map was put before  
the court as evidence of a  
conflict + 1351 vs was shown to  
be necessary to close the survey  
+ give an east + west line on the  
south - it was so decreed by the  
court + division made among  
the heirs accordingly - I leave  
A.
