Re: Texas City Hurricane Flood
Protection Project -
shoreline protection

Dear Mr. Colwell,

Enclosed is a mylar sepia of the mean high water survey sketch at station 220+00± on the Texas City Seawall as requested by Mr. Herman Forbes. Please note that the legal description of the traverse is shown on said sketch.

If you have any questions or require additional information, do not hesitate to call.

Very truly yours,

Tom Kessler

Re: Texas City/La Marque Hurricane
Flood Protection Project -
shoreline protection

Dear Mr. Colwell,

Enclosed for your review is a copy of Galveston County's application for a Department of the Army permit to make repairs and install 800' of erosion protection along the Texas City/La Marque Hurricane Flood Protection Project's shoreline in Texas City.

I have also included for your information a copy of the County's right of way instrument for that particular section of Seawall.

The purpose of this project is to protect the Texas City/La Marque Seawall from the rapid rate of erosion which now threatens the integrity of said Seawall.

Please review at your earliest convenience and let me know if State authorization is required by the General Land Office.

If you have any questions, please do not hesitate to call.

Very truly yours,

Tom Kessler
