..COUNTY SURVEYOR..

To the Hon Commissioner Genl Land Office

Dear Sir

I have been requested by the County Judge of Goliad County to address you with reference to the Map of the conflicting lands and reports of same that was made by this office and reported to the Commissioners Court of this County and from it was sent to the land office that some legislation might be had for the relief of the land owners of this County. and ask that as the same now lies in the General Land office without any benefit to this County they ask (Commissioners Court) that you will confer a favor by returning same to the Court that they may use same to show ~~that~~ what lands and under what titles the Taxes have been paid this is necessary under the acts of the last Legislature. By so doing you will confer a favor upon the Land owners of this County.

With respects I am Yours &c

Hugh L. Tally
