No Account

Dear Sir;

In reply to your letter dated September 11th, I wish to state that the distance called for in the bearing at the southwest corner of the George W. Wright Survey as shown on my surveyors sketch of Geo. W. Wright Survey is incorrect.

This is your authority to correct my sketch for the bearing call at the southwest corner of Geo. W. Wright Survey which should read as follows:- "Stake-whence a "Christmas Tree" on Slade Oil & Gas Inc. Well No. 6 Victor Albrecht bears N 54° 55' W 344.67 varas."

Thanking you for calling this error to my attention, I am

Respectfully yours

Geo. W. King
