

Gonzales Apr. the 7th 1843
To the Commissioner
of Land office
Austin Texas

Sir in obedience to an order
issued from your office, of date Mar
the 13th, requiring the report of the
Condition of my office, as to "County
Map & records of Field Notes" I have
to say that the limited time I have
occupied the ^{office}, does not permit me
to say positively what the condition of
the Map is - there are however some
errors in it. As to record of Field
Notes I would say they are much
mutilated & defaced

Yours, with respect
E. M. Stein
