

Gonzales January 17th 1842
Col Ward

Dear

I send you some surveys in the
lower part of the country and also in the
North part with a rough sketch of a plot which
will give some assistance in representing them
on the map I will be in the field in the
course of four weeks with all the work on the
Lavaea and Lobito creeks if the weather will permit
my working

I will here apply for the patents on the
following surveys

Isaac Roberts for "Leigues"
