Hon. J. T. Robison Com.
Gen. Land Office,
Austin Tex.

Dear Sir:

I would be pleased to say that I have forwarded you this date, reports and map of the survey work which I, in connection with the County Surveyors of Hall, Cottle and Motley counties have been engaged in doing in the past year in said counties.

This is the same work which, a short time since, you kindly allowed us to take up with your office force.

This work is of considerable ~~magnitude~~ magnitude and I have not had sufficient time to make these reports as complete as I had wished. My people are in a rush to resume the field work. We have about another year of this survey work ahead of us. I would say, however, that any further data that you may require in this work we will gladly furnish.

Yours Very Truly,

Geo. H. Chipman
Deputy Surveyor,
Hall County, Texas

Reports upon our Methods of Determining the Correct Locations of the
Various Surveys of Block S 5 E. L. and R. R. R. Co. Hall Co.

In this block of surveys there are only three of the original corners which have been fully identified. These corners are as follows; The N. W. Cr. of surveys of No. 14, the common S. Cr. of surveys No. 27 and 28 and the common N. corner of surveys of No. 23 and 24.

We found the two corners namely the N. W. of 14 and common N. Cr. of No. 23 and 24 just as described in the original field notes we connected them by a straight line and determined the variation to be 10 degrees and 51 min. E. and the excess per mile between the said corners to be 6 vs. We checked upon the said original common S. Cr. of said surveys of No. 27 and 28 and found its position true as set forth in the original field notes .

We base the locations of the surveys of this Block upon these Cr. this Block contains surveys from No. 1 to 42 inclusive. There is no difficulty ^{whatever} ~~however~~ in determining ^{the} true location of this Block and Grant, save survey No. 17 which loses 66.51 acres by reason of conflict with survey No. 5 Block 1 J. Poitevent.

The details of these locations are set forth in the accompanying map

I, G. H. Chipman Surveyor, do hereby certify that the foregoing report is a true and correct statement of this work.

General Surveyor

I, W. A. Thompson, County Surveyor of Hall
County Texas do hereby certify that I have ex-
amined this report and that I approve the
same.

W. A. Thompson,
County Surveyor,
Hall County, Texas.

R. D. GREEN, MANAGER,
CONTINENTAL LAND AND CATTLE CO.,
RANCH HEADQUARTERS
ESTELLINE, TEXAS.

Hon. J. T. Robison Commissioner,
Gen. Land Office,
Austin, Tex.

Report of the Methods Employed by us in determining the True
Locations of the Various Surveys of Block § 5 B.S. & F. in Hall Co.

The original field notes of survey No. 243 said Grant, B. S. F.,
(the initial survey of this Grant), give for its beginning the N. E.
corner of survey No, 11 Block 1 J. Poitevent .

There were probably never any original corners established in
this Block of survey, at least none have ever been identified .

We base the locations of these various surveys of this said
Grant upon said N. E. corner of 11, using ^{the} variation determined for the
work in Block S 5 D. & P. R. R. Co. = 10 degrees 51 min. E.

We use this variation rather than that of said survey No. 11,
for the reason that the original field notes of this Grant give it
that way.

The accompanying map shows the details of this location .

^{Deputy Surveyor of Hall Co}
I, G. H. Chipman, ~~surveyor~~ ^{do hereby certify that the foregoing}
is a true and correct statement
of this work.

Geo. H. Chipman, Deputy Surveyor,
Hall County, Tex

I, W. A. Thompson County Surveyor of Hall County
Texas do hereby certify that I have examined this
report, and that I approve the same.

W. A. Thompson
County Surveyor
Hall County Texas.

I, B. F. Moore Surveyor of
Matley County Texas do here-
by certify that the accompa-
nying report is a true and
correct statement of this
work. B. F. Moore Surveyor
Matley County Tex.

R. D. GREEN, MANAGER,
CONTINENTAL LAND AND CATTLE CO.,
RANCH HEADQUARTERS
ESTELLINE, TEXAS.

To The Hon. J. T. Robison Co^m.

Gen. Land Office,

Austin, Tex.

Report upon our Methods of Determining the True Locations of the
Various Surveys of that part of Block S 5 D. P. R. R. Co. lying ~~N.E~~^{N.E}
of the narrow tier of surveys, Block L Gunter and Munson.

We base the location of the various surveys of this part of
Block S 5 upon the already located surveys of Block S 5 E. L. and
R. R. R.R. Co.

Many of these surveys are in conflict with the lands of Block 1
J. Poitevent.

We have made field notes of all those surveys rendered fractional
by reason of said conflict.

These said field notes will be recorded in the proper County
Surveyors Office and filed in the Gen. Land Office.

The accompanying map shows the details of this work.

I, G. H. Chipman Surveyor, do hereby certify that the foregoing
reports is a true and correct statement of this work.

*Geo. H. Chipman, Deputy surveyor
Hall County, Tex.*

*I, W. A. Thompson County Surveyor Hall Co Texas
do hereby certify that I have examined this report
and that I approve the same.*

*W. A. Thompson,
County Surveyor,
Hall County Texas.*

*I B.F. Moore Surveyor of
Matley County Texas do hereby
certify that the accompanying
report is a true and correct
State of this work.*

*B.F. Moore Surveyor
Matley County Tex*
