Field Notes of Two tracts, aggregating 200 acres, made for Jas. A. Painter under his Oil and Gas Prospect Application on Unsurveyed Lands, Under Section 4, Chapter 173, Act Approved April 9th, 1913. Application No. 105.

(1) Field notes of an island and shallow water located along the Ship Channel on the North side opposite the West end of Spillman Island.

Beginning at a stake on McKee Peninsula on the West shore of the same and directly opposite the pass at the North or Northwest end of Spillman Island;

Thence following the meanders of the shore line of the said McKee Peninsula, S. 42° E. 480 varas, S. 77° 53' E. 415 varas to a stake; Thence into the waters of the bay and across the same to a stake S. 70° W. 380 varas, on the South end of a small island; Thence with the meanders of the west side of the said small island, N. 52° W. 230 varas, N. 35° 30' W. 290 varas to a stake on the North west corner of said small island; Thence across bay N. 5° E. 230 varas to the place of beginning, containing 22.5 acres of land and water.

(2) Field Notes of 177.7 acres off the most eastern south end of Perkins Island.

Beginning at a stake from which a 3 prong wasatch tree bears S. 61-1/4° E. 19.3 varas and being on the East or Ship Channel shore of Perkins Island;

Thence with the meanders of the said Perkins Island, N. 11° 30' W. 194.4 varas, N. 24° W. 332.6 varas, N. 36° 44' W. 380.2 varas, N. 44° 12' W. 99.7 varas, N. 50° 23' W. 810 varas to a stake; Thence South across the East prong of Perkins Island 1349.6 varas to a stake on the edge of the water of San Jacinto Bay; Thence with the meanders of Perkins Island N. 60° E. 391 varas, S. 52° 30' E. 536 varas, S. 25° 30' E. 395 varas to the most Eastern South point of the said Perkins Island; Thence N. 20° E. 480 varas to the place of beginning. All this survey is land.

Surveyed Sept. 1913. Var. 8° 45' East. Geo. Williford and Fred Kubanks, Chainmen.

I, I. Austin Miller, Surveyor of Harris County, Texas, do hereby certify that the foregoing survey was made by me on the ground, and according to law; that the limits, boundaries and corners, with the marks, natural and artificial, are truly described in the foregoing Plat and Field Notes, just as I found them on the ground; and they are recorded in my office in Book L page 121.

This 30th day of Sept., 1913.

J. T. ROBISON, COMMISSIONER.
JOE WALKER, CHIEF CLERK.
J. M. NELSON, CHIEF CLERK.

Mr. Morris Rosenthal,
Houston, Texas.
Dear Sir:-

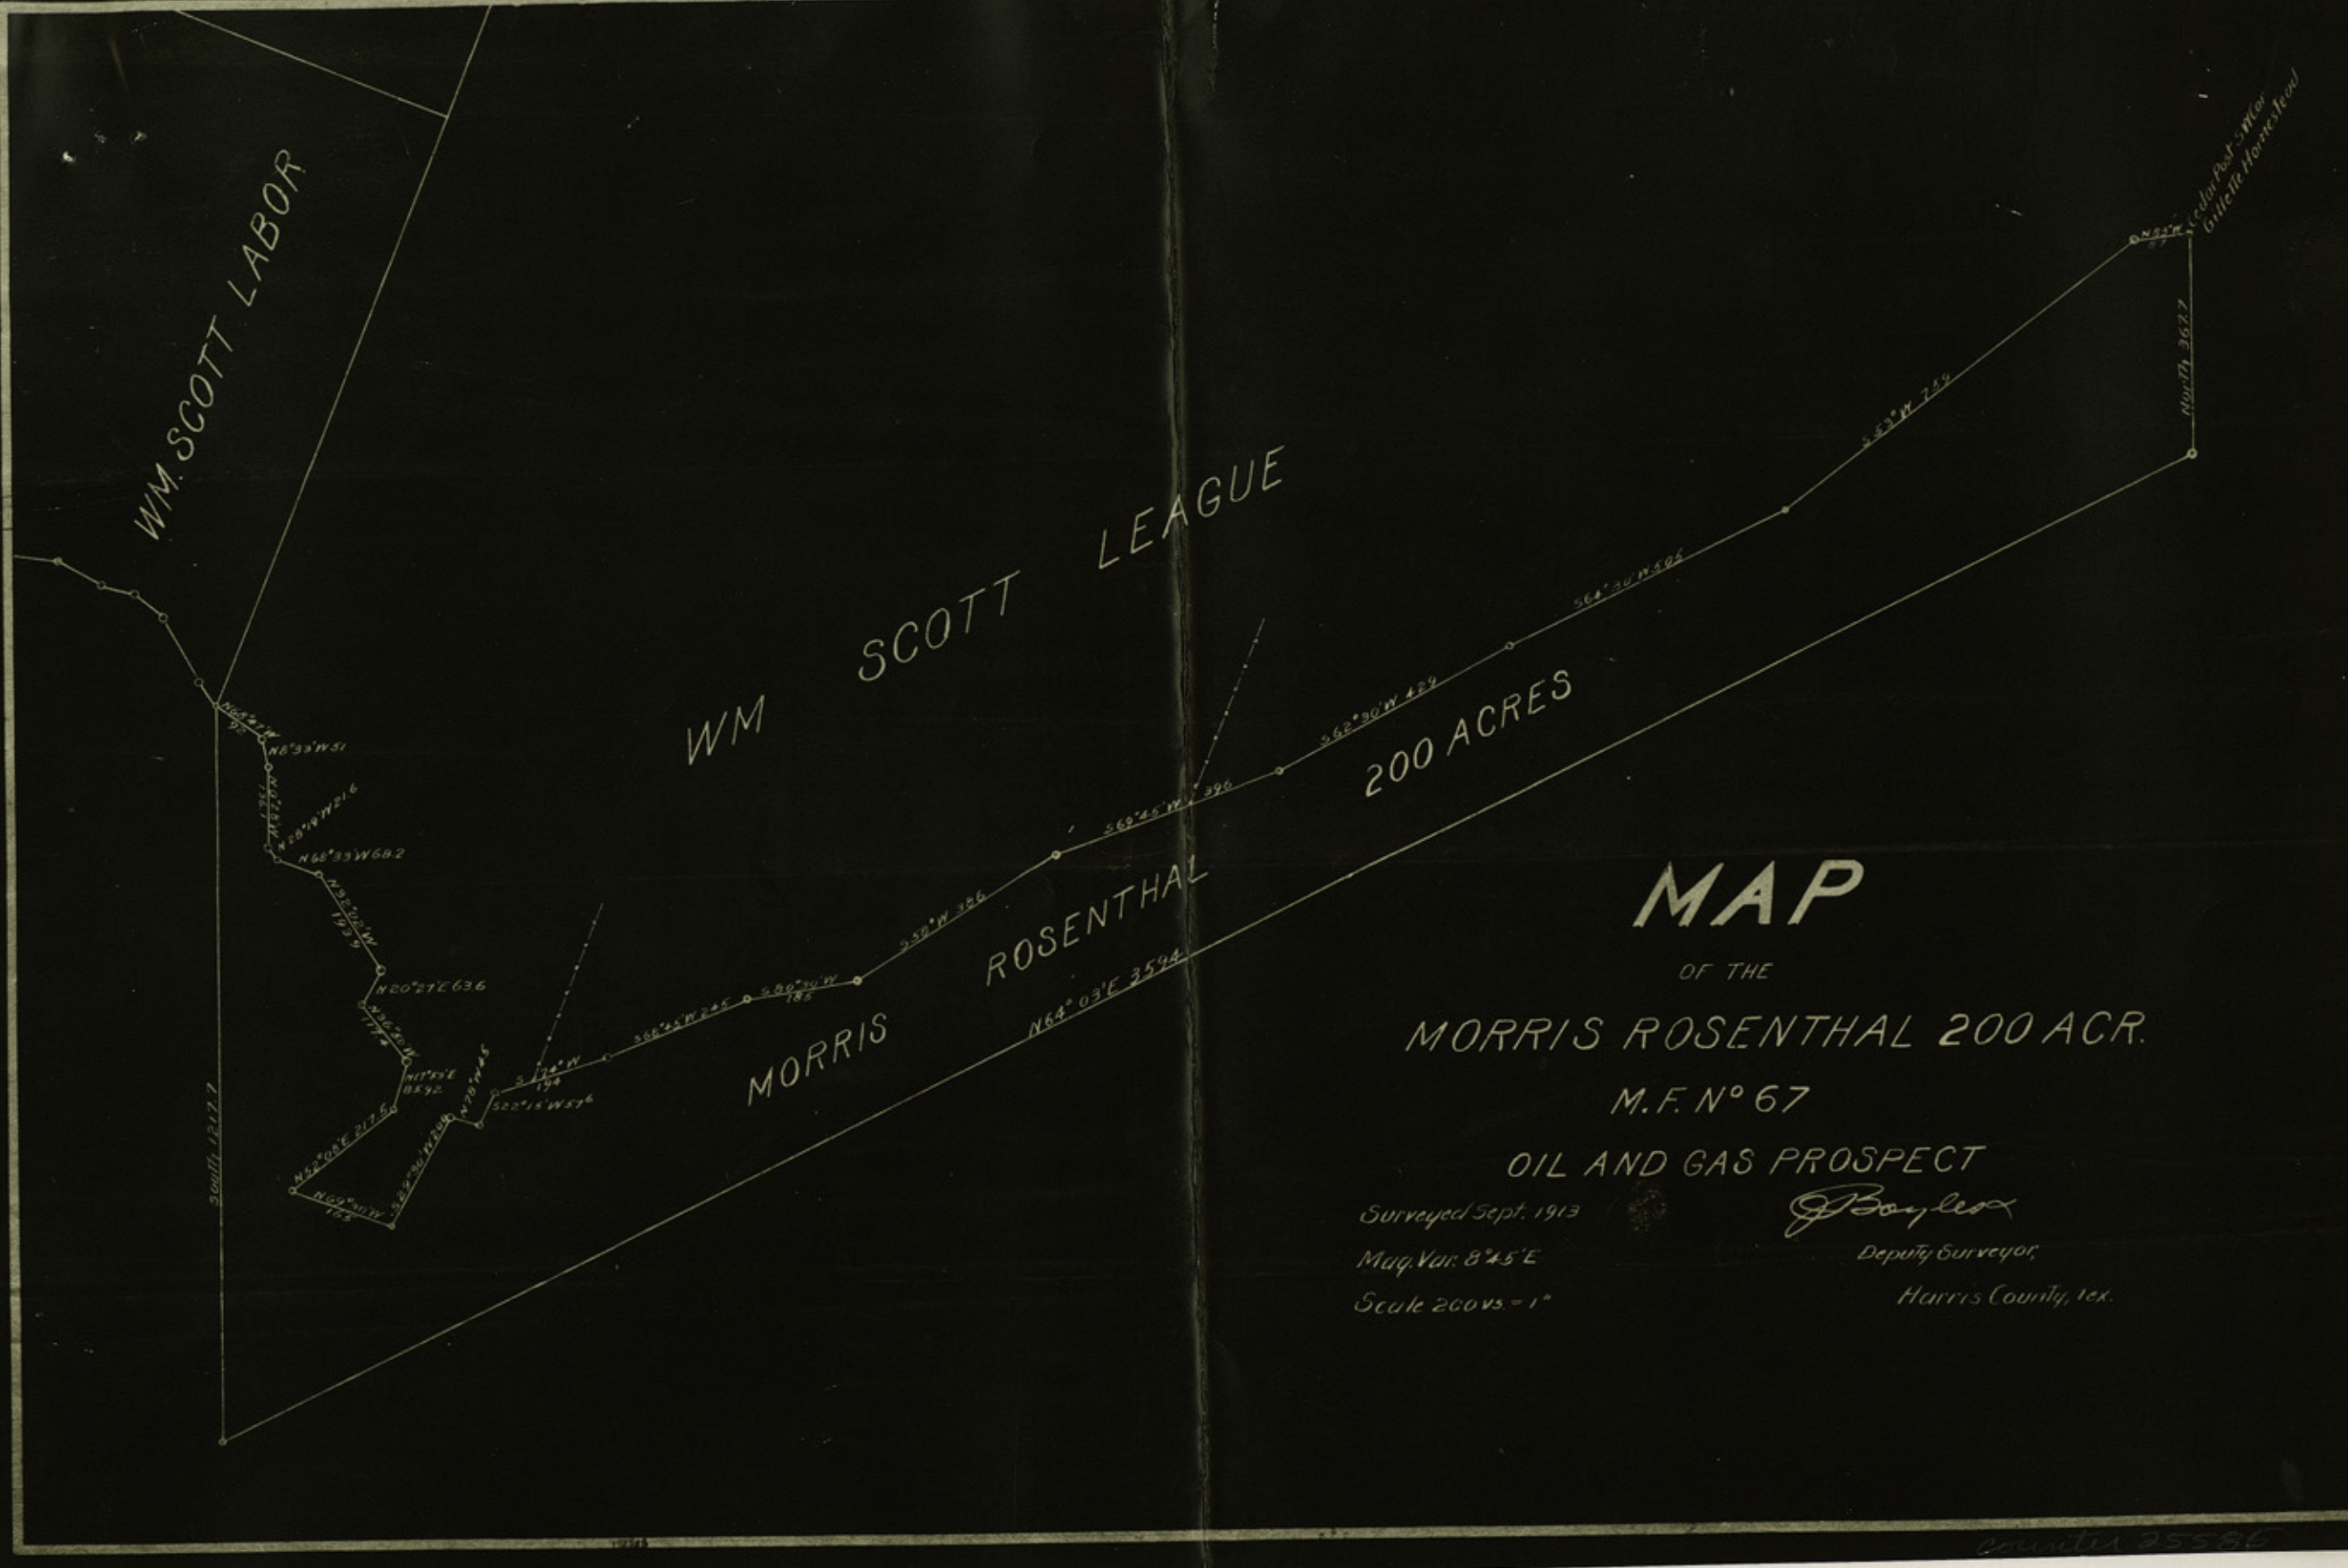

Answering yours of the 10th instant, relative to your Mineral File 990, Harris County, beg to say the field notes, which you sent here the last time, are still in conflict with the DeMerritt file. I do not think you have filed any correction here since I wrote you the last letter of February 6th. You will also find enclosed affidavit, which you will kindly execute in the event you have your field notes corrected. If you do not have your field notes corrected, of course, it is not necessary to return the affidavit executed. The last field notes filed here do not contain the names of the chain carriers. I will be glad to issue you a permit just as soon as you can get field notes here, eliminating conflict with the affidavit.

Yours truly,

Robison/T.S.N

Commissioner.
