Sketches & connections filed in
the General Land Office

October 27th 1887.

R. L. Shuey
Chief Clerk

Haskell Texas Nov. 18th 1887

To Hon. R. M. Hall
Comr Genl L^y Office, Austin Tex
Dear Sir:

I herewith submit
to you the following connections
of land surveys in the N. E. portion
of Haskell Co. as actually surveyed
by me in A.D. 1886. The red ink
lines ⁱⁿ enclosed sketch will show the
lines actually run

Began at the S. E. Cor. Levi Butler
320 acre sur. an established corner ^{bearing tree still standing}

Thence N. 74° 02' to the N. W. Cor.
of N^o 4 Blk 46

Thence S. 18° 37' to the S. E. Cor. of
N^o 3 same block

Thence West 14690 to the N. E.
Corner of N^o 210 for Robt Howell an
established corner

2nd Connection

Began at the S. E. Corner, ^{N^o} 20 Blk 46
St. J. C. RR Co.

Thence West 12403 to the E.
line of John Colston survey

Thence N. 38° 00' to the S. E. Cor.
of Robt Howell survey N^o 210 an
established corner. Said corners of
Howell survey are established by connec-
tion from the J. J. Doss. survey Nov. 86
St. J. C. RR Co. - the bearing trees ^{gone}

To S. W. Cor. of said Doss Survey
 is still standing. - the lines and in-
 termediate Call for branch, ^{of Doss sur.} Also
 the lines and intermediate Call
 for Lake Creek, ^{in field notes of Howell sur.} all of which are
 found to correspond ^{and} by which
 the above mentioned corners of
 Robt Howell are established

I G. Relouch Surveyor in and for
 Haskell Co. Texas do hereby certify that
 the facts set forth in the above statem-
 ent also the information on the enclosed
 sketch are true and correct

In testimony whereof I hereunto
 set my hand this the 18
 day of November AD 1887
 G. Relouch
 Surveyor Haskell Co.

Mr MR Standeford
Surveyor Haskell Co Tex.
Haskell Tex } The Sketches
Sent with your letter of 27th ulto
Showing the different positions
Given Block 46 He & Le RRs
are herewith returned I wrote
you 30 ulto stating that the
position of Said Block should
be determined by the call in
the Field note of No 25 for the
Mary Crittendon Survey The calls
in Field notes of Nos 32, 33 & 34
for the East line of the Heiman Riggs
Survey should not govern the
position of the block as Said
calls were made to correspond
with the call in the John Colston
for Riggs East line

Respectfully
W. L. Walsh
Comr

Dear Sir I send you notes run
 by J Mansuetiing Reg at S E corner
 of Levi Butler and N E corner
 of W L Graham a show mound
 from which an old Bearing tree still
 standing No N 2 E 66 rods then W
 5700 rods ^{N E cor 4} then S 1900 rods
 the S E cor 4 then W E 457 rods to E L
 corner of David then S 1000 rods to
 Stake N E No 5 - BK 49 then W N 2704
 to N E corner of No 4 then W N 1900 N E
 corner of No 7 then W N 1900 rods
 to N E 8 then W N 1900 rods N E 9
 then W N 1900 N E 10 then W N
 1900 rods to N E 11 then W N 2703
 to N W 11 then W N 1900 rods about
 then W N 880 rods lake creek then W N
 1210 rods N W corner of Robert Howell

Which makes 24090 rods from the
 N E corner of W L Graham to N W corner
 of Robert Howell that is Mustangs
 now runs the Eastings ^{me} 22800
 which makes space 1290 rods
 wide and 3800 rods long
 I did not have time to make sketch
 + But if this Annulations mark is
 correct it is there beyond a doubt -

Sketch No 7

The S.W. corner of J. J. Doss found
new section no 86 H. T. R.R. Co.

175
Jonas Harrison
Stumps of bearing
tree found and call for
Branch proper distance
at N.E. corner
of J. M. Stephens Survey

mes 559 m 14 2000
The S.W. corner of 175 found
and intermediate call for Millers creek
corresponds in field notes of no 171

The State of La }
County of Hoakell } I G. R. Couch les Surveyor
in for Hoakell les do here by
certify that the foregoing Sketch
Shows the true position of Survey as found on the
ground by actual survey and that the corner of
Survey is found as shown upon Sketch

Haskell, Texas, Oct 31st 1887

Hon R. M. Hall

Austin Texas

Dear Sir: In Compliance with your request of the 26th inst asking for certain connections; I submit the following.

The S.E. Corner of the Robert Howell survey n^o 210 is 16301 vs North and 360 East from the N. W. Corner of Epps S. Payne survey n^o 70. - Said Corner of Robt Howell is not identified by bearing trees being found - but by proper connection, hacked lines and the intermediate call for Lake Creek, ^{as} given on north line, ^{of course} which makes it. (Howell) 168 vs excessive.

The said Howell survey's S.E. Cor. is 1487^{vs} North and 360 vs East of H. Riggs N. E. Corner, and the said Riggs S. E. Corner is 877 North and 1140^{vs} East from the N. E. Corner of A. J. Smith survey n^o 78

The Connection of John Carmean to M. L. Higgins Survey n^o 140. I am not prepared to give as I have not surveyed in that immediate vicinity - but if I can remunerated sufficient to cover expenses will run said connection. If I can serve you further Command me. Very Respectly.

G. R. Couch

HASKELL CITY FREE PRESS

Hon. R. M. Hall.

Come Gen Land Office, Austin Texas

Dear Sir: I hand you Sketch
No 1. Showing the position the surveys as found
on the ground. Instead of the J. J. Doss survey, now No
86 H. & T. C. R.R. Co. being 862 ^{and 120' vs each} vs North, of Hiram Riggs N. E.
Corner as described in Field notes of said Doss survey,
it is 1487 vs North and 1708 vs West of the N. E.
Corner of Hiram Riggs survey. The S. W. Corner of
sd. Doss being found. ^{still standing} Mesq, ^{vs} N. 31 E. 10 vs another
(destroyed, but stump to correspond) ^{vs} S. 42 W. 37 vs and South
line plainly marked, also the intermediate call for
branch on S. line of ^(1210 vs) at 480 vs ^{and} intermediate call
for Lake Creek, on North line of Robert Howell survey
is found as given in the Field notes. On North line of
sd. Howell survey is also found line marks

Sketch No 2 Shows the position that
J. W. Armstrong Surveyor for H. & T. C. R.R. Co. put in sur-
veys of ~~for~~ Blk 46 in April 1886 Almost covering the
entire survey of W. B. P. Gaines (if sd Gaines should hold
its connection with the Cuttenden as called) The following
is a copy of Corrected Field Notes of No 25 Blk 46 as ^{vs} ~~vs~~
counter 26155.

COMMERCIAL & MANUFACTURING

HASKELL COUNTY,

TEXAS.

Haskell, Texas, 188.....

Armstrong corrected them in 1886^{and} shown on sketch No 2 - Beginning at a stake on South line of Mary Crittenden Survey said stake is 72.65 vrs north and 20.30 vrs east from the S.E. Corner of Hiram Riggs Survey. Thence East 2054 vrs a Messrs Post MK's N.E. 25 from which a Messrs stump 12" dia brs N. 64 1/2 E. 81 vrs. Thence South 1758 vrs a Messrs Post MK's N.E. 26

Thence West 2054 vrs stake the most northern N.W. Corner of No 26, Blk 46

Thence North 1758 vrs to the beginning
 Surveyed April 22, 1886, J.C. Rattcliff } chain
 J.O. Thompson } carriers

Mr Standefer (then Co. Surveyor) did not adopt the work and ~~and~~ record the field notes - because after fully acquainting Comr Walsh with the facts received instructions that the position of Blk 46 should be determined by the Call in field notes of No 25 for Mary Crittendon Survey. Enclosed is a copy of Walsh's letter

Respectfully Submitted
 C. R. Cowch
