Canadian Ex 4/21, 1903

Hon John J Terrell

Austin Tex.

Dear Sir

A few days since we forwarded to you Mr Spiller's explanation of the manner in which he established the north line of Blk 1 G + M and the N.E. cor. of Sec. 70 Blk 42 H & J 6 in the survey of detached land that he made for me last year

Now our present County surveyor claims that this

vacant strip should be located north of Sections 1 & 2 B S & T and between them and Sections 67 & 68 Blk 42 H & J C which would simply continue the vacancy that occurs east ^{of} between Blk 1 G & M Blk 42 H & J C. He claims that the B S & T ^{survey} will hold over the H & J C because Joe Long's survey of the H & J C was made after the B S & T was located. There is about 240 acres short between Section 70 H & J C, and the B S & T or between

3

The B S T F Sect. 2 & Sect 73
Blk 1 G & M. He claims that the
H & F survey must cease that
too I really cant see why
it should affect the location
of this vacant strip but
if you think that he is
right please notify me
and oblige

Yours very truly
W J Dodd

OFFICE OF

County Surveyor,
Hemphill Co., Tex.

W. H. H. CUNNINGHAM, SURVEYOR.

1919

Canadian, Texas, April 17, 1903.

Hon. J. J. Farrell,
Comr General Land Office,
Austin, Texas.

Dear Sir:

Messrs. Todd & Johnson have handed
me the enclosed sketch and Field Notes made in
support of S. T. 4375 and others adjoining, with
the request that I forward them to the General
Land Office.

Very Respectfully

W. H. H. Cunningham

Sketches no. 7, 6^a
Hempfull Co,
