S. H. DeWolf
Dept. County Surveyor
Hidalgo Co. Tex.

Approved
E. Grieg
County Surveyor
Hidalgo Co. Tex.

Assisted by Surveyor S. J. Rowe We made 2 observations on Polaris February 16th & 17th 1908 near the N.W. corner of Porcion 59 in Hidalgo county Texas about 10.30 P.M. It was at its Western elongation. We found the angle between its Western elongation and Magnetic North to be 10° 01' After deducting the Azimuth Angle of 1° 19' We found the true variation to be 8° 42' E Used a new K & E. Transit
