BIG SPRINGS, TEXAS

October 1909  
Referred to Map

10-4-09

Hon J.T. Robison,  
Land Commissioner  
Austin, Texas.

Dear Sir:

I am mailing to you under separate cover sketch and field notes of a resurvey that I have made of Block 33, Township 2, North, T & P Ry, Co, in this county also an agreement of several parties in the block requesting me to make this survey. There are about six sections to be patented in this block as soon as I can here from you in regard to the construction I have placed on same.

I talked with you when in Austin last, in regard to the resurvey of this block and have tried to conform as near as possible to your views. The North line of the block was established by Mr Twitchell and myself. The East side of the Block is short but there is enough excess east and west to more than make up for the shortage.

The south line is well defined on the ground by a county road which was one of the first ever run in this county and claimed by several of the old settlers in this county to have <sup>had</sup> nearly all of the old corners on the ground at that time, but I could not recognize but one of them as you will see by the sketch. Trusting that you will give this matter attention at your earliest convenience.

I beg to remain yours very Respectfully

J. H. Ramsay,  
County Surveyor  
Howard Co Tx 2

Big Springs, Texas, 5-18 1909

We, the undersigned, being the owners of the respective tracts of land indicated opposite our names on the following list attached hereto, for the purpose of permanently fixing the land boundaries in which we are jointly interested, do hereby employ J. H. Ramsay, District Surveyor Howard Land District, to go upon the ground and mark the boundaries and corners of our land; and we do singly and severally hereby expressly agree that the boundaries so marked shall thereafter be the boundaries of our respective tracts of land, and each of us do hereby expressly bind ourselves to construct our improvements and yield possession in accordance, and to conform with, the land boundaries as so surveyed and marked by said J. H. Ramsay.
