HUTCHINSON COUNTY, TEXAS

BY *H. Wagoner* DEPUTY

August 5, 1993

Mr. C. B. Thomson  
Director of Surveying  
Texas General Land Office  
1700 N. Congress  
Austin, Texas 78701

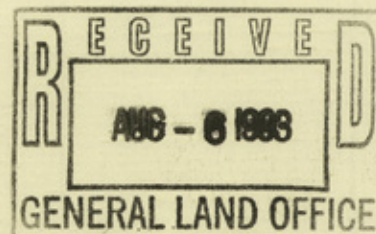

Dear Mr. Thomson:

This will authorize you to make additions on my survey map filed as Hutchinson County Roll Sketch No. 41 for the purpose of showing that solid circles at gradient boundary meander points indicate an iron rod with an aluminum cap stamped Texas General Land Office Gradient Boundary and an identifying number. Please correct the preliminary acreage figure of 13,895.031 acres shown on Roll Sketch 41 to read 13,890.234.

Also this is to advise you that all numbers stamped on the caps on the south side of the river are 3,000 larger than the meander numbers shown on Roll Sketch 41 and the Coordinate Listing in Sketch File 44. For example, a cap stamped 5500 would be shown on map and coordinate listing as 2500. This applies to the south bank only. The number on the cap on the north bank and the map and coordinate listing coincide.

Sincerely,

*D. D. Shine*  
D. D. Shine

File No. Sketch File 44-A  
Hutchinson County

Mr. C. B. Thomson  
Director of Surveying  
Texas General Land Office  
1508 N. Congress  
Austin, Texas 78701

Dear Mr. Thomson:

This will authorize you to make additions on my survey map filed as Hutchinson County Roll Sketch No. 41 for the purpose of showing that solid circles at present boundary marker points indicate an iron rod with an aluminum cap exposed Texas General Land Office boundary and an identifying number. Please correct the preliminary acreage figure of 13,885.011 acres shown on Roll Sketch 41 to read 13,890.331.

Also this is to advise you that all markers placed on the cap on the south side of the river are 500 larger than the marker numbers shown on Roll Sketch 41 and the coordinates listing in Sketch File 44. For example, a cap placed 500 would be shown on map and coordinate listing as 3300. This applies to the south bank only. The number on the cap on the north bank and the cap and coordinate listing coincide.
