Hon Andrew J Baker.

Austin Tex,

Dear Sir:

Attached you will please find a tracing showing the situation in connection with sec no 2 S C & S 7 Ry survey situated on the waters of the East Caranchua creek in Jackson Co.

You will see at once that this block of S C & S 7 survey's fall short and that there is a vacant strip between sec 10. and the Murphy no 2. and that it lays East of no 2 S C & S 7 - what shall I do with it; correct the field notes of no 2 and include this strip in it, or not,

Please give an early reply and
Oblige

Yours very Truly

J. C. Christy,
