Hon Jacob Knechler  
Com Gen Land Office

Sir in reply  
your circular of instructions in  
regard to County map and re-  
cords there is no map here  
belonging to the Surveyors office  
or one that can be used for that  
purpose. One Book of records is  
gone containing about 400 surveys  
it is Book A no 2 = If the  
you could furnish me with a  
map I could get along much  
better - Mr Armstrong carried  
The record book to his residence  
in Williamson County and it has  
never been returned

Very Respectfully yours
