H. Davis Tex June 5-15

Report of a survey to correct the field notes of Survs Nos 12A & 12B Blk 224 S. & St. X. Ry. Co. in Jeff Davis Co. Tex.

To The Hon. J. T. Robinson
Com. Gen. Land Office Austin Tex.

Dear Sir:

Wishing to correct the field notes of the surveys above mentioned I went to the S. cor. of sur. #114 cert. #384, a corner well known to me, and easily identified by its field notes. From thence I ran N 62° 46' 25" & E 5337's, with a variation of 1 1/2° E. and found the N. E. cor. of sur. #114 Blk. 337, an original cor. made by S. A. Thompson and having bearings as recorded in its

field notes.

From this cor. I ran W. 2 miles & S. 1 mile and made the S E cor. of sur. #1 Blk 224.

Thence I ran W. 2 miles & S. 3 miles and made the S. W. cor. of sur. #10 said Blk 224.

Thence I ran W 733 $\frac{1}{2}$ and made the N E cor. of the said sur. #12 Blk. 224.

Thence I ran S. 762 $\frac{1}{2}$ & W 905 $\frac{1}{2}$ to the E. cor. of sur. #667, a corner that is well known to me, and easily identified by bearings recorded in its field notes.

Returning to the N E cor. of sur. 12 I ran S $\frac{1}{2}$ 2382 $\frac{1}{2}$ to a wire fence located by former county surveyor S. A. Thompson on the S. line of sur. 11 & 12 and agreed to by

all the interested parties
as the S. line of sur 11 & 12 &
the N. line of sur 14 & 3; said
fences being the boundary
line between the ranches
of Ward & Spruell on the
N. and B. H. Grierson on
on the South.

Here I made the S. E. cor. of
said sur. #12 and ran E.
225 vs to the W. line of sur. 372,
this last point being at a
cor. of the fence between the
ranches of Ward & Grierson.

Thence I ran $S 30^{\circ} W$ 482 vs to
the W. cor. of sur. 372, being
also a cor. of the fence between
Ward & Grierson ranches
as located by SA Thomp-
son.

Thence I ran $S 60^{\circ} E$ 1900
vs to the S. or S E cor of the

said sur. #372, a well known corner, and easily identified by its field notes.

I have the statement of SA Thompson that he located the S. line of sur. 11 & 12 for Ward, Sprout & Brierley, by going to the S. cor. of sur. # 468 and running $N 45^{\circ} E 15.75$ Vs to the SW cor. of 12; and then running E. to the W. line of sur. #372 which he had previously located from the SE cor. of said sur. 372.

Not wishing to put the parties to unnecessary expense I did not resurvey this line, but will do so if required by you.

Resp. yours

J. W. Merrill

FORT DAVIS, TEXAS.

191

sur. 1 Blk 224 is at the S W cor
of sur 22 Blk. 301.

This cor. is located from the old
Thompson corner just referred
to, but as it is on a high and in-
accessible Mt. I located the S E
cor. of said sur. 1 instead, and
at a pt - 2 Miles S. & 2 Miles W
of the S E cor of sur 14 Blk. 301,
or 1 mile S & 2 miles W. of the S. E.
cor of sur 23 Blk 301.

Am sorry I failed to make this
clear in my former report.

Trusting that the bal. of said
report is satisfactory I am
yours Resp.

J. W. Merrill
Sur. J. D. Co.

From this work I find
the area of sec. 12 to be
666 acres, and ^{as} the $\frac{E}{2}$ was
sold to Mr. Ward & the
 $W\frac{1}{2}$ to Mr. Sprout I have
divided the acreage equal-
ly between the surrs 12A
and 12B.

Resp.

Hon J T Robison Com. G. L. A.

Dear sir:

I am in receipt of yours of July 12 returning field notes of the $E\frac{1}{2}$ and the $W\frac{1}{2}$ respectively of sur. 12 Blk. ~~337~~²²⁴ Jeff Davis Co.

If, in my letter of explanation I said that I located sec 1 B 224 from the S E cor of sur 14 Blk 337 it was an error, as I meant to say the N E cor of that sur. which is also the S E cor of sur # 23 Blk. 301, an older survey.

at this point is a R M $3\frac{1}{2}$ ' high made by S. A. Thompson on June 10th 1891 (Bearing as per record) The S E cor of sur. 14 Blk 301, a R M 6' high also identified by me in 1900 vs N. of this point.

The N E or beginning cor. of
