Dear Sir:-

The enclosed blue print shows the Town of Nederland as laid out by the Port Arthur Land Co. same being partly on the Wm Mc Fadden Sur N^o 16, O. White and Otto Ruff surveys.

The Port Arthur Land Co's subdivision of the South Eastern part of Jefferson County into 20 acre lots (660 x 1320 ft. each) is here shown super-imposed on the original surveys. Their system of numbering began at the bank of Sabine Lake and ran parallel to same and at right angles thereto, Numbering from 1 to 20 Northward and Alphabetically Southward from the B. Jones and Varis surveys, forming blocks 1/2 mile square containing 8 lots each as shown at "B 2".

Yours truly

Geo W. White
