Goliah 15<sup>th</sup> April 1852

Crosby Esq:  
(Com<sup>r</sup> Gen<sup>l</sup> Land Office)

Sir, — Some two or three  
Years Ago, I made (with some others) two surveys  
for John C. Duval, # Calling for Commencement at the  
upper Corner of Gilmore, At that time I was unable  
to find any of the lines or corners below, but commenced  
on the bank of the river at a Pecan tree Mark-H, which  
answered the description of Gilmore's upper corner.  
I have lately discovered that I <sup>committed</sup> ~~committed~~ an error  
and laid them altogether too high up, the upper  
one conflicting with Reed, The accompanying sketch  
will show you the supposed & real position of  
them. Presuming that it is not too late to correct  
the error, I have written to Mr. Duval to apprize  
him of the matter, and send this to you that  
you may be aware of the facts, in case you  
have occasion to take any action on the subject  
I will make any correction in my favour for Mr.  
Duval as soon as he shall send me the field notes  
for that purpose.

Yours respectfully  
Joseph H. Barnard  
Dist. Surv. Goliah Dist.
