

State of Texas,
County of Tarrant

J. Geo. Spiller State
Surveyor, do hereby certify
that I found, in the ground, the S.E. Cor. of
Sur. # 1 and N.E. Cor. # 3, made in name of
P. Pictor in aforesaid Co. and identified
same by its calls as given in field notes of

Sur. # 909, Block 97 made for Houston and
Texas Central Railroad Co. and found it
to be 7915 ms. East and 1265 South of sd.
Cor. of sd. # 909. I also connected it with S.E. Cor.
Sur. # 46, Block I, made for sd. Co. and found it to
be 23203 ms. S. and 1178 ms. East of same;
which caused Surveys # 1 & 2 in name of
sd. Pictor to conflict with Surveys # 48
& 29 of Block 98, made in name of sd.
Co. 638 ms. N. by 3314 ms. East, all of
which surveying was actually made in the
ground as shown in sketch accompanying
this certificate.

In testimony whereof I
hereunto affix my official signature

J. Geo. Spiller
State Surveyor
