

# County Surveyor, Kimble Co.

C. E. DAVIS,  
Surveyor

Junction City, Texas, <sup>the</sup> April 20 1885

Wm R M Hall

Com<sup>rs</sup> G. L. C.

Dear Sir

Enclosed please find  
Field notes of lines run by request of your  
Office - You will please see that my measurements  
agree with the Fredericks the locating surveyor.  
with the exception of a small excep-

Except the connection of Sur 417 # F. L. Sevin  
with sur 45- H. McIlvail. Here I find the  
N.W. cor of 45- to be 290  $0\frac{1}{4}$  South from  
where it should be from the calls and  
corners found of 417.

Respectfully yours  
C. E. Davis

Surveyor

Junction City, Texas, April 19<sup>th</sup> 1888

Attn. R. M. Hall.

Com<sup>r</sup> of L. O

Dear Sir

Please find  
inclosed field notes of lines run as per request  
of your Office -

Please observe that from the S & E cor of Sur  
N<sup>o</sup> 1 B & B to the S. E. Cor of Sur 17 B & B

there is an excess of 100 ft<sup>2</sup>

But this excess is lost upon finding the  
S. W. Cor of Sur N<sup>o</sup> 1 M. C. Robertson.

There is no excess in Easting from the  
N. E. Cor Sur N<sup>o</sup> 3 A. J. Moore to the West  
line of Sur N<sup>o</sup> 66. I T R R Co.

Respectfully yours  
C. E. Davis
