

A. C. TACKETT,

SURVEYOR OF

KNOX LAND DISTRICT.

289

Benjamin, Texas, Nov 2^d 1889

Hon R M Hall Comr

Dear Sir

Your letter of the 30th Oct. stating that sketch and certificate with regard to E.B. line of Block 13 B B & C. R.R Co. Could not be found & Reed J. Sharp with En close your sketch of same you wrote me some time since to ascertain if the Excess in the school sections of Land and I find on the E.B. line of Block A, B B B & Ry Co Boylar Co to which Blocks. B, G H & H Ry Co and C. C. J. Ry Co are connected or attached that for the first ten ^{Sections} ~~blocks~~ Running North that the sections are 20 varas Excessive to the mill or 1920 vs. from corner to corner as represented on sketch I find no other corners to govern these surveys. ^{except} ~~as~~ as marked found on Enclosed plat. So I run these surveys. In accordance with the Old corners found on E B line Block A 1920 varas North & South and 1900 vs E. & W. am I not right; please answer at your Earliest Convenience;

Very Respectfully

A C Tackett Sur Knox Land Dist
