Filed June 23. 1863

On a Sketch dated 15th Dec. 1861 the Surveyor certifies to a position on the grounds of the M.E. survey entirely different from its representation on the present sketch. Both the Sketches are certified about in the same words, which is correct, which must.

The Surveyor will explain fully in regard to the position on the grounds of the surveys concerned. This Office under present circumstances must suspend issuing any patents on lands lying in the vicinity of the above represented.
