Sir

In reference to sur. N<sup>o</sup> 2  
made in Llano Co. by virtue of  
Land scrip N<sup>o</sup> 31 issued to A. B.  
Pedigo - I hereby certify that  
I find established none of the corners  
of sur. N<sup>o</sup> 698, except the S. E. & S. W.  
corners, <sup>that</sup> I find by actual measurement  
that the S. line of sd. sur. is over  
1600 rs. (should be 1550 rs), <sup>that</sup> I find  
also, that the survey East of and  
adjoining sur. N<sup>o</sup> 699 is too long  
East & West by more than 200 rs.

Given under my hand  
at Austin this July 5<sup>th</sup> 1877.
