

I Knight Stich Supt. Surveyor of
Leaves county Texas do hereby Certify
under the oath of my office that in Surveying
the James G. Callison - M.G. Perry and E. B.
McVincle Surveys in Leaves County Texas
I have actually surveyed and had meas-
ured the following lines with the following
Results, to wit:-

That I began at the S.E. corner of State
Survey No. 1, G. & B. Sec. 36. (That said cor-
ner is well identified by both bearing
trees as called for in field Notes of said
Survey. That said corner is South of its
proper position. That it lies S. 69° E. of the
S.W. corner of said Survey.)

That due West from S.E. Corner of
State No. 1. and at 4300 ft. I found the N.E. Cor.
of W. M. Miller Survey with bearing
trees as called for in Miller field Notes.

I then Ran South 15° W. at 8300 ft.
found S.E. corner of Miller on North line
of Bancroft. trees as called for

Then Ran South 75° E. and at 3600 ft.
found the N.E. corner of Bancroft with bearing
trees as called for.

Then South 15° W. 7100 ft. and found
S.E. corner of Bancroft with bearing trees
as called for.

Then Ran West and at 3480 ft. found
N.E. corner of No. 1. of Patterson - trees
in position as called for

Then Ran South 2615 ft. and finding
no stand. I put up one to be controlled
by in making above Surveys.

I then went to the N.E. corner of Survey

2 plano co. 56. File # 11

No 583. in name of Thos. Reid and identified
said corner by L. O. Henry Trusts Stand-
ing corner and distance as called for
at said Field Notes.

Then Ran S. 15th No 150 vs. for the N.W.
Corner of State Survey No. 14

Then Ran East 675 vs. to N.E. corner of No. 14

Then Ran South and at 2270 vs. struck
the N.W. line of the Joseph Arnold Occupation
Survey - found the N.E. corner of said Sur-
vey a few hundred vs. East of my line.

Then Ran West at 785 vs. found the N.W.
Corner of 2d Arnold Survey with bearing
true as called for

Then Ran South, at 715 vs. found the
N.E. corner of W. J. S. Barber No 582.

Then South at 1000 more vs. found
S.E. corner of No 582. with true as called for

Then Ran West and at 2366 vs. found
S.W. corner of No 582 and S.E. corner of No
11. - continuing west at 1200 vs. further
struck East line of No 496 at 140 vs
North of its S.E. corner

Then Began at S.E. corner of No 496
(Identified S.E. corner by bearing true as
called for) and Ran North and at
1524 vs. (N of the S.E. corner of No 496) found
a short distance East of the S.W. corner of W.P.
Tully Occupation. continuing North, at
2799 vs. (from S.E. cor. No 496) met st. end
for N.W. corner of W.P. Tully. and found
this st. end. to be 22 vs. North and 68 vs
East of st. end previously met up for
S.E. corner of J. Patterson No 1.

I began again at N.E. corner of

Ch^o 583 - Has Rid - and Ran North 75° W
620 vs.

Then Ran Ch^o 10° W. 1280 vs. (to the proper
position for the S. line of Ch^o 590, the S. E. &
S. W corners of Ch^o 580 could not be found)

Then Ran East 740 vs.

Then Ran Ch^o 10° W. (Facing over S. W
Corner Ch^o 628.) 1250 vs. to Ch^o W. corner of
Ch^o 628.

Then Ran South 80° W. (and according
to our measurement) found S. W. corner of
Ch^o 630. at 590 vs.

Then Ran Ch^o 10° W. a little over 950
vs. found Ch^o W. corner of Ch^o 630. & Rely

Then Ran Ch^o 80° E at 290 vs. the S. W.
Corner of T. H. & O. B. R. R. Co.

Then Ch^o 10° E. 347 vs. found S. E. corner of
Ch^o - L. L. L. Co.

Then Ran Ch^o 80° W. 950 vs. to E. by
line of T. J. R. R. Co. Ch^o 3. (This line was found
by running S. 10° W. from the S. E. corner of
Ch^o 3. which is marked by bearing trees)

Then Ran S. 10° W 402 vs. to S. W. Corner
of Ch^o 3

Then Ch^o 80° W. 1275 vs. to E. line
of Ch^o 1. State,

Then South 15° W. 1340 vs. to place
of beginning.

I further certify that there was
no ran and measured because all
or nearly all the country lying within
these lines consists of high mountains
& deep gorges. And that with surveying
or measuring over them could be made
correct. And that the statements made
