Sir, In reply to  
yours, I have the honor to inform  
you that I have the maps together  
with the laid records of surveys made  
in this county as required by the  
4 + 5 sections of "An Act to give to each  
corporate county of this state its own  
county surveyor, maps and records, and  
defining the duties of surveyors."

In a short time I will send the  
field notes of surveys made recently  
by me in this county.
