DALLAS, TEXAS,

Jany. 31st.1902.

Hon. Charles Rogan,
Com'r. G. L. O.,
Austin, Texas.

Dear Sir:-

I have by reference, your letter of 15th. inst. to Major B.S. Wathen, Chief Engineer, to the effect that the Drafting Dept. of G.L.O. had recently completed a new map of Marion County, and desire to show upon same, the lines of the different railroads crossing that county.

I have had made, and enclose herewith, a tracing taken from our right-of-way records, which shows approximately, the alignment of the Texas and Pacific in said County.

We have no measurements, showing distances from the line of road to survey or head-right corners.

Yours very truly.

U.S.M.
