Gen. Land Office

Austin, Texas.

Dear Sir:-

Pardon delay in carrying out my promise to send you a sketch, showing actual conditions of surveys around Pine Bayou, in Marion County; but pressure of business has kept me on the move since I saw you. Herewith I enclose a hastily constructed plat, but which outlines correctly a part of my work in that county in 1870. All the distances given are as actually measured; and Pine Bayou is sketched in from close readers, except from the N. Williams N.E. cor. up to the N.E. cor. of the largest W. Meyer tract.

I trust this will come to hand in time to meet your purposes. If you can take a copy of this plat, and return me the original, or send me the copy, or a blue print, it will be appreciated as I have retained no copy.

Very truly yours

W. H. Leekie

SKETCH OF CERTAIN SURVEYS
 IN
MARION COUNTY,
TEXAS.

According to a survey made by
 W. H. LECKIE, From April to August, 1910.

Scale - 1 Inch to 1000 Varas.

Note - Given distances are actual measurements from identified corners, with 40-Vara steel tape.
 At Original Corners one or more original bearing trees were found.
 "Old Corners" are old 70-marked Corners.
 Small numerals at Mile Mounds on State Line indicate distance from last identified Mile Mound running north.

Filed, February 3rd 1912.
