Dear Sir

Enclosed herewith, please
find field notes of one survey, and a
sketch showing the same, and several
more surveys, that I have made in same
neighborhood My first starting point was
at a "nd" of rock, the N.E. corner of the
La Salle Co School League, and I ran
on lines as checked with red ink on sketch
My second starting point was at the N.
E. corner of the Gunter & Munson survey,
(now the C. pasture) at a rock monument
set in the ground, marked 39, being the N.
W. corner of Sec^{tion} 22, Blk^{et} No 9, University
Land, and marked B, on sketch. Both
of these starting points, were established
by J. H. Cowan, authorized Surveyor
of Howard district
