

G. Green

Phosa Tubbs by H. Bible's Connection is 100 ft. north of Bible's north line - see the dots

Every other point in the plat is from actual measurement in accurate drawings except the point which terminates the West line of the Seven Leagues Survey - the Course is true:

And the distance from the J.H. Bannan corner to the M. Retajo S.W. corner is found by the course of the South line M. Retajo copying the J.T. Bannan survey -

This plat will enable you to find your way for the work crowded out of your Official map as I saw it at Auction - counter 31304
