county 31311

Waco, Texas, Apr. 9th 1896

Hon. Andrew J. Baker

Com. Land Office

Austin, Tex.

Dear Sir: As requested I send herewith maps
showing the comparison of University lands in this
county on the Laguna Maraca 11th Grant

The lands marked in yellow was set apart
to the State, the rest to the owners of the Maraca.
I hope you may be successful in getting a practically
correct map of McLennan Co. Texas.

The survey about Llanera on Rio Segura & Bull
heads will be more difficult to get right than any
other part of McLennan Co.

The Lower de la Vega 11th Co. shows a space between
it and the survey east (as shown on old maps) while
there is a conflict. North of the Great Walker League there
appears a space, but on the ground the survey shows
the Walker comes down to the line.

The space North of the S. R. Wilson and extending
along the south line of the University lands should
close as there is no space on the ground. The Josee Calk
and the Lewis, are in conflict with the University lands.

Respectfully Andrew Goldsard
