Hon Charles Rogier

Dear Sir

Inclosed find Field Notes as
corrected by actual survey of the
320 acres of school land which J. T.
Hardcastle had applied to purchase
in Milam Co. Tex. it was not the
intention of the Field Notes which is
now on file in your office to
make the Boundries different from
the Original but as they really
did I have this day made a re
survey of same and send field Notes
which I hope you will substitute
for old. And

Yours Truly

Julius Walker.
