

OFFICE OF

COUNTY AND DISTRICT CLERK,

PECOS COUNTY,
TEXAS.

FRANK ROONEY, CLERK.
JAMES ROONEY, DEPUTY.

Fort Stockton, Texas, Aug. 13th 1895

Ernest Von Rosenberg, Esq,
Austin, Tex.

My Dear Sir:

Your of 18th came here during
a protracted absence of mine, hence has not been an-
-swered sooner. I am pleased to hear from you once

more and will try to give you any information I can.
I hope you will get our Pecos map in some shape.

Cert. 18/68 John H. Herndon covers old Survey 279-

The other enclosures than marked. Practically on the ground they
will not pan out with me. Excess in other surveys I think
causes it. -

I have the Evans maps.

I have since discovered an error in my connection to Longfellow
connected to the wrong pile of rock. But have not re-run the
connection. In plotting better accept the old line for present.

The connection from Escardido to BLK 2, C.C.S.D. N. 4.
-thence to Danney's well by me - large sketch 2000 yards^{scale}
can be relied on. - Do not know of any change in any
of my connections. except in the Longfellow line.

counter 33720

I am very busy & somewhat sick - two things
which prevent me from writing you now at
length. Let me hear from you. Hope you are
doing well.

By the way can one - under new law - forfeit land
(Agricultural) taken up in Oct. 1894 - at \$3 per acre
& take it up again in coming Nov^r at \$2 " "

& still get credit for time of actual living on
the land from Oct^r 1894^s. In other words can
he get credit for time of living on land - before
he actually buys it?

Yours

O. W. Williams
