

A. N.
COUNTY SURVEYOR
PECOS COUNTY

Award upon June 30/1913
667

RECEIVED
JUN 30 1913
Referred to Law

Fort Stockton, Texas, May 27 1913

Hon J P Robison
Austin
Texas

Dear Sir

I have made a survey in the west part of County and my findings are represented on accompanying sketch. G & S A Ry Co Bk No. 10 & G C & S F Ry Co Bk. A. Said Bk No. 10 being located first but was afterwards resurveyed. And I being familiar with Bk. A. think that it was paper work and not done in the field. Adhering to the rule that the old shall hold as in other resurveys in this County for example the G & S A Ry Co land in this County are resurveys and they hold good over any other land of location some being in North part of this County but in agreement I will write field according to your instructions. Please return with instructions.

Yours Truly
A. N. Lee Carr

J. T. ROBISON, COMMISSIONER.
J. H. WALKER, CHIEF CLERK.

Mr. A. N. Lea,
Surveyor of Pecos Co.,
Ft. Stockton, Texas,

Dear Sir;

Your letter of May 24th. 1913 addressed to Hon. J. T. Robison was handed me in person by Mrs. W. F. Stewart on June 30th., together with a tracing sketch or plat showing preliminary work by you of surveys in the Western portion of Pecos Co., near the line of Brewster Co., representing surveys in the west part of blk. A, G. C. & S. F. Ry Co., showing a conflict with surveys in blk. 10, G. H. & S. A. Ry Co. I have some time and made a very careful investigation of all the surveys in blks. A. B. C. & D., also blk. Q situated in Pecos Co.. The calls and cross calls in the field notes of the surveys for each other, having given full instruction to Mr. R. S. Dod, State Surveyor, as to how to re-survey and to distribute the excess between old, original identified corners. Capt. Dod has been at work and is instructed to complete the survey accordingly, for your information see blue-print plat and carbon letter herewith.

This office recognizes blk. A, G. C. & S. F. Ry. Co. surveys to be superior to surveys in blk. 10, G. H. & S. A. Ry. Co., as blk. A. was surveyed and returned to this office prior to the Validation Act of Feb. 3, 1883, Chapt. VII. See act of 26th. Legislature 1899, page 123, Chapt. 81, "an act to set apart and appropriate to the permanent School Fund of the State of Texas all the lands heretofore or hereafter recovered from rail road companies or other persons" & etc.

Should it be found that a sold school section in blk. 10 should conflict with an unsold school section in blk. A, I wouldn't cancel such sale, however should it conflict with the individual survey of blk. A, the former should be corrected to the extent of the conflict. If entirely in conflict with individual survey in blk. A the sale should be cancelled.

As requested, I am returning your sketch. Have no further suggestions to make. Capt. Dod, as State Surveyor, has full instructions to re-survey said blocks.

Yours truly,

E von R/SCT.

Commissioner.
