To the Commissioners of the  
L & office of Texas, Austin City

Dear Sir

In  
Compliance with your request I herewith send  
you the sketch wanting in your office in regard  
xxx of the James Boulet's  $\frac{3}{4}$  of league survey as  
well as the adjoining <sup>and the</sup> necessary alterations to it  
I have made nearly all the changes on the Southern  
Blind of said Boulet's survey, there is but one line  
well marked all around it, Every Body in the settlement  
knows it to be the Boulet's line, and no other to  
be found in the vicinity to believe otherwise; it is  
true the survey is rather short in quantity, but in  
many other surveys there is considerable more than  
the field notes call for; and will you altered? I  
wish to know it myself if it can be done to satisfy  
me and many settlers, but the Supreme Court of  
this state has said let it be as it is! for it would  
not be no end to it. The sketch I hope will satisfy  
you and if not let me know it with the necessary  
instruction.

I John E. Baumgartner County Surveyor of Polk County,  
do hereby certify that the sketch herewith show the  
true position of the James Boulet's  $\frac{3}{4}$  of a league  
and its adjoining surveys as they are on the land  
represented in said sketch,

Witness my hand and my official oath this  
six day of May of A. D. 1861
