

Canyon, Texas, January 24, 1944

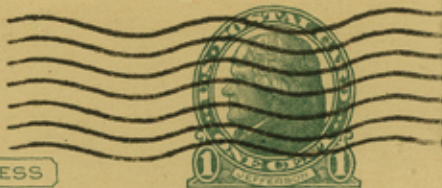

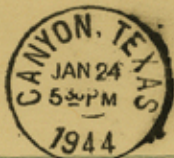

To the land owners in the south part of Randall County this will advise that there has never been an official survey of Block M-6, M-8, M-9, that is recognized by the General Land Office. Mr. Bascom Giles, Commissioner of the General Land Office will meet with us Friday, January 28, at 2:30 pm to discuss with us these surveys and the excess land that is covered up in them, as they are now enclosed. As you know most of these surveys have plenty of excess and we are not able at the present time to get title to this excess from the State. Please meet with us and we will see what can be done to get your title cleared on this excess land.

Yours very truly, G. G. Foster, Surveyor
