

Connection of Surveys

The Survey of land above, represented by the map, is made out to make a connection of the Surveys of Jacob H. Boone and John R. Boone, with a Survey of 616 acres made for John Butler. Which tract of land has been Patented, and is situated about one and a half miles south of Clarksville.

The N. W. corner of Noel Arrington's being at one of Butler's middle corners and 1375 or West of said Butler's S. E. corner. I shall here set down the courses and distances on the Arrington & Boone lines to make this Connection as I find them by actual survey.
 Eg. Arrington No. 620 from its N. W. corner to Butlers line runs S 24° E. 2720 varas N 81° E. 400 or to N H Boone N. W. Corner. Then with Boones line S 24° W. 2260. S 46° W. 410. S 55° W. 190. S 11° W. 510. S 30° E. 2300 or from this corner of ~~Boone~~ Needham H. Boone, the North East corner of Jacob H. Boone, 320 acre Survey. Stands 602 varas West, and 204 varas North, or the North East corner of ~~the~~ John R. Boone Survey is { S 9° E. 7472⁷⁴⁷² or from Arrington N. W. Corner on Butler's corner S 43° 48' 7143 or according to my calculation N. 10° W. bearing.

The Survey marked P.M. 505 is a labor in the name of S. D. Midkiff. Jacob H. Boone No. 60. Survey of 320 acres lying on the East of Midkiff. John R. Boone No. 61. a Survey of 320 acres lying East of Jacob H. Boone, the N. E. corner of which reaches Eastward within 602 or West and 204 or

I have had a hurt hand for some considerable time
and cannot handle my instruments nor my pen well
therefore the map may not be correctly laid down
hence it is that I have set the course and distance
of the lines

Appendix to Ordinance

North of a corner of N. H. Boone as before described

There is a difference in the calls of some of the lines
which I have mentioned, from the calls on the record
but as much error was made in an original survey
adjoining the Survey of Arrington & N. H. Boone as
the survey of A. D. Duncan, the running of which I ascertain
the differences mentioned above.

The above as *set forth* I certify to be correct
according to the best of my knowledge.
