The State of Texas

County of Polk

I John R Johnson
 County Surveyor for the County of Polk do here
 by certify, that while acting as deputy survey-
 or for the County of Liberty, I made a survey parcel
 of land situated in Polk County on the West of
 the Trinity river, adjoining a league of land ^{by title}
 to John Stewart, also adjoining a league of land
 in league granted to William Hardin as agent
 of J.D. Martin, that I also made the survey for
 John J. Simpson as defined by the decision
 of the Courts, that the survey made for S. J. Samie does
 not conflict with the John J. Simpson survey, that
 the above sketch shows the true position of said sur-
 vey, that the survey made for John J. Simpson
 does not contain a league of land, but the lower line
 is the length called for in his field notes Witness my
 hand this 35th day of 1850

Hand this the 30th of November 1854

John R Johnson
County Surveyor
JACK COUNTY
TEXAS.

File 4.
