The State of Texas & I Wm Armstrong a Deputy Surveyor for Travis Land Dist do hereby Certify that County of Travis foregoing sketch is a true representation of the surveys as they are on the ground both my own and the old work as I found it I found from actual running that the lines of Survey No 336 from East to West not as long as the call I found said lines to be 5703 as the North line and corners not being made I run the full dist of the call I found also the East & West lines of Surveys Nos 5237 & 524 to be less than the Call and what I have marked there on my work There is no conflict with any of the surrounding surveys Given under my hand this 29th day of November A.D. 1860

Wm Armstrong Dept. S. J. L. & D.  
 Filed May 9th 1861  
 C. W. Pfeiffer

I also found the North East Corner of the Asher Survey to be a large Stone mound and run the North line of said Survey to the NW corner which I also found to be a stone mound and the North line to be 3600 varas and there is no conflict between any of my work and said Survey all the corners dotted I found all that are not dotted I did not find
