

San Patricio, Texas

May 13th, 1875

Commissioner Gen. Land Office,
Austin, Texas

Sir:

Herewith find copies of ~~my~~ ^{my} ~~map~~ ^{book} and map which
I ~~marked~~ ^{marked} all the marked
corners ~~correctly~~ ^{correctly} as they
all on the ground and the overlapping of surveys
between those corners. I made my calculations and
field map the winter of 1873, having all the old sur-
veys correctly laid off as I found them on
the ground the Sept. previous with length of back
line and distance from one back corner to another,
~~etc.~~ And with this map ~~etc.~~ as a guide I ran off
the locations last May (1874) and I believe there is
no conflict with the old surveys or with one another.
Received patent for one of John Henderson's surveys.
Send others as soon as you can and merge-

Respectfully yours
James Gaffney
