General Land Office

Honorable Jerry Sadler, Commissioner  
General Land Office in the State of Texas  
Austin, Texas

Dear Sir:

You are referred to a map titled "Neuces Bay and Adjoining Area" Map #10, filed in your office, upon which is shown two tracts designated MF 25465 and 25464, each of which was awarded to the State of Texas in Cause 11294 in the Court of Civil Appeals for the Fourth Appeals District styled State of Texas et al vs. Arnim et al.

As illustrated on said map drawn in accordance with judgment in said Cause, said two tracts appear to be separated by a Bayou.

From an investigation on the ground I find that said Bayou no longer exists and has been completely filled in apparently primarily by silting from the high bluff bank to the North.

This is the basis for my statement that said two tracts have now resulted in the formation of one single tract.

Yours very truly,

*Russell C. Jonas* 8

Report Re: Silting  
of Bayou between  
M.F.-25464 & 25465,  
Nueces Bay area.

R. L. D.

Commissioner  
General Land Office, Texas  
Honorable Jerry Sadler, Commissioner  
General Land Office, in the State of Texas

Dear Sir:

You are referred to a map titled "Nueces Bay and Adjacent  
Areas" Map #10, filed in your office, upon which is shown  
two tracts designated M.F. 25465 and 25464, each of which  
was awarded to the State of Texas in Cause 11594 in the  
Court of Civil Appeals for the Fourth Appeals District  
State of Texas et al. vs. Arhim et al.

As illustrated on said map drawn in accordance with  
judgment in said Cause, said two tracts appear to be  
separated by a bayou.

From an investigation on the ground I find that said  
bayou no longer exists and has been completely filled  
in apparently primarily by silt from the high bluff  
bank to the North.

This is the basis for my statement that said two tracts  
have now reunited in the formation of one single tract.

Yours very truly,

Frank E. Jones
