APPLICATION NO. 69.

O I L AND G A S

Prospect Application on Unsurveyed Land

(Under Sec. 4, Chap. 173, Act Approved April, 9, 1913.)

Post-office: Rockport Texas

Date: March 25th 1915.

TO THE COUNTY SURVEYOR OF SAN PATRICIO COUNTY, TEXAS:

I desire to obtain the right to prospect for and develop petroleum oil or natural gas on a portion of the State's islands, salt water lakes, bays, marshes, reefs, fresh-water lakes or unsurveyed Public Free School Lands, described as follows: In San Patricio County, Texas, about 11 miles, course S.W. from Sinton, the County site.

BEGINNING at a point on the Northern boundary line of Nueces Bay and the Southern boundary line of the Coleman-Fulton survey of 517 acres, at the Northeast corner of the tract covered by the application of J. B. Whealley which was filed in the office of the County Surveyor of San Patricio County, Texas, on December 23, 1914;

THENCE South along the East boundary line of said Whealley survey a sufficient distance so that a line run due East to intersect the Western boundary line of the John N. Seguin survey of 640 acres, Abst. No. 246, will include 1280 acres;

THENCE in a Northern and Western direction following the meanders of the John N. Seguin survey above mentioned and the W.W. Bell Survey, Abst. No. 53, and the Henry Sheston Survey, Abst. No. 249, to the place of beginning.

Arthur Matthews
Applicant.

I, Joe D. Cochran, County Surveyor of San Patricio County, Texas, hereby certify that the above and foregoing application was filed for record on the 26th day of March, A. D. 1915, at 8²⁰ O'Clock a. m.,

and recorded in Vol. 2, pages 129, in my office at Sinton, San Patricio County, Texas.

THE STATE OF TEXAS
COUNTY OF SAN PATRICIO

SURVEY NO. 38
T. A. SIMONS, JR.

Being Field Notes for a survey of land for T. A. Simons, Jr., of Sinton, Texas, in accordance with his application filed with the County Surveyor of San Patricio County, Texas, on the 13th day of January, A. D. 1915, and recorded in Application Book No. 2, pages 83 and 84, under and by virtue of Section 4, Chapter 173, Act approved April 9th, A. D. 1913, and is situated in the waters of Nueces Bay in San Patricio County, Texas, about 11 miles South of Sinton, the present County site.

Beginning at 3" x 4" pine post marked B.B. set in a pile of rocks near the extreme southern point of land at White's Point the S. E. corner of the R. C. Briggs Survey No. 685 of Nueces County records, being also the N. E. corner of the Guffey Petroleum Company's Survey No. 686 of Nueces County Records and the S. E. corner of the R. S. Sterling Survey No. 26 in San Patricio County;

Thence East through the waters of Nueces Bay 3226.2 varas to a 2" x 4" pine stake marked BK the S. E. corner of the M. F. Briggs Survey 685;

Thence South 274.71 varas a post for corner, the S. W. corner of Survey No. 694;

Thence East 1862.65 varas a stake the S. E. corner of said survey No. 694;

Thence South 906.23 varas, a stake a corner of File No. 48;

Thence West 1862.65 varas a stake a corner of File No. 35;

Thence S. 58 deg. 31' W. 635.75 varas a stake the N. E. corner of File No. 38 of Nueces County Records;

Thence West 1294.83 varas a stake for the N. W. corner of said File No. 38;

Thence North 461.22 varas a stake the N. E. corner of Survey No. 689;

Thence West 3823.59 varas a stake the N. W. corner of Survey No. 700;

Thence North 269.67 varas a stake the S. W. corner of Survey No. 686 of Nueces County Records;

Thence East 2133.4 varas a stake the S. E. corner of said survey No. 686;

Thence North 793.64 varas to the place of beginning, containing 1137.97 acres. Variation 8° 52' East.

Beaumont, Texas, January 16, 1915.

RECEIVED

JAN 18 1915

Honorable J.T. Robison,
Land Commissioner,
Austin, Texas.

Dear Sir:

In connection with application of J.H. Harlan for mineral permit upon a strip of land in San Patricio County lying between the South and West lines of W.W. Bell Survey No. 3 and the bay shore line, regarding which I received a letter from you under date January 6, 1915, will say that your letter indicates that I must not have made myself clear in my former letter as to the location of this file. I enclose a rough pencil sketch, which will perhaps clarify matters.

I say this in view of the fact that the Hunter file #664 lies in Innes Bay south of the Hope 61 acre tract, and does not touch the Harlan tract. The Northeast corner of the Hunter Survey would be approximately 35 wms South of the Southwest corner of the Harlan file. Survey #697 in the name of Gustis and Hope is approximately 1-1/2 miles West of the Harlan file. Survey #701 in the name of W.A. Gustis is approximately 3 miles Southwest of the Harlan file.

I understand that there is another file made by R.C. Briggs in Innes County, permit upon which has heretofore been issued. This is not mentioned in your letter, and I do not know the survey number. This lies immediately East of

counter 36170

1/16/15.

3

of the Briggs-Mantor file above mentioned and immediately South and West of the tract covered by the Harlan file. In other words, the North and East line of this last mentioned Briggs file is the bay shore, and the South and West line of the Harlan file is the same bay shore.

I believe that it is this Briggs file that is causing the confusion, and therefore in connection with it I desire to call your attention to the facts as I understand them. The records of San Patricio County and Nueces County and of your office will show them exactly:--R.C.Briggs left his filing in Sinton on the 15th day of April, 1914; this file called for the County line between San Patricio and Nueces County. He learned that some question as to the location of this line existed, and perhaps for this, or some other reason, went from Sinton to Corpus Christi and filed the same application with the County Surveyor of Nueces County. Later he obtained a permit from your office under the Nueces County filing, giving his North and East line as the bay shore. He abandoned his San Patricio filing and the same ran out of date, he evidently being satisfied with the permit granted in Nueces County.

Our client learned of the vacant strip of land lying between the bay shore line and the South and West line of the Bell Survey and filed his application with the County Surveyor of San Patricio County. The latest information we have from the County Surveyor is that the survey will be made this coming week if the weather permits.

counter 36171

1/16/15

3

We understand that Briggs now contends that the field notes of his original application would extend his line to the South and West line of the Bell Survey. I do not believe there is any merit in this contention, but the question is one of both law and fact, and our client's right having become fixed by the filing of his application prior to any such contention as this having been made by Briggs, I wish to call your attention to this condition of affairs so that we can be heard before you take any action, if such should be requested by Mr. Briggs. There are many other facts and circumstances which go to bear out my contention, but they would be out of place in a letter of this character, and will be submitted when the matter really comes to issue in your office and all parties are notified that you desire to hear from them.

In the meantime I believe that no action should be taken that would affect or complicate the rights of the different parties until the Harlan file is run out and the papers duly returned to your office. Such delay will save a great deal of unnecessary expense and inconvenience to all parties.

Yours truly,

E. E. [Signature]
