certify under my official oath that
the accompanying Plan of the former
jurisdiction of New Mexico, and now
a part of this County is true & correct
and that the same is compiled from
surveys made by me in the year 1879
extending from a point on the Rio Grande
on the west known & called "La Roche
Banda" to a point on the East on said
River known & called "El Chapote" and
to a point on the north the north east
corner of a survey called Las Cuervitas in
name of Victoriano Gonzalez said point
being known & called "El Blanco"

And I further certify, that so much of
the present map of Starr County as
relates to the scope of country above

Plan herewith submitted sets forth
correctly a series of measurements
actually made upon the ground

In testimony of which I hereunto
