REFERRED TO MAP

Hon. Leonard Westfall,  
County Judge,  
Aspermont, Texas

Dear Sir:

This department has just completed a new compilation of Stonewall county, showing State surveys and grantees thereon. I am wondering if you can in some way, furnish me with the locations of the county sites and the towns of principal importance, giving the surveys by names and numbers, on which such towns are located. This department is dependent on the counties for such information, as no provision is made by law for payment of such services. I shall appreciate any information you may be able to submit thru your office or that of any of the other county offices.

very truly yours,

S. S. Sayers  
Acting Commissioner
