Dear Sir yours of 10-22-10 at hand and noted
and am very glad to know that you ^{are} taking some
interest in the Settlers of Swisher Co they certainly
appreciate any favors and I can say that the Settlers
of Swisher Co in Block M6 also M11 have all settled
by the Resurvey made by me in 1892 and have
all their fences, farms, houses, wells, Orchards &c
on the ground according to the 1892 Survey which
is marked by Iron pipes and want to hold to it if possible
and are more than willing to pay for all excess
will be glad to answer any questions that comes
up in any matter of surveys in this Co and coun-
ties with best regard I remain Most Respectfully

W B Hutchison Surveyor

will say that a resurvey based on the old corner of 346 M6 and S. Co
a point 5 miles S of M6 Randal Co to be made on the ground
based on the same variation that BOK 6-22 and other surveys
in Randal county will not hurt our people nearly so much as
one based on 346 with variation 10° E &c W B H
