OFFICE OF _____

B. F. REYNOLDS,
LAWYER,
AND - NOTARY - PUBLIC

County Surveyor,
Throckmorton County.

Throckmorton, Texas, Oct 31st 1898

For A J Baker
Com Gen Land Office
Austin

Dear Sir

As required in your letter of some time since I have surveyed the land in which you reported conflicts and herewith send you a sketch as found on the ground. There is no excess East of the Alvin Tarter patented tract. But the excess is west of 47 and 55 so I have made field notes in accord with the enclosed sketch. This gives (72) and (56) a little excess but it makes all the work fit and leaves no vacancy.

While we are on this subject what is the Land Office going to do about
counter 38094
