

Scale 2000 ft = 1 inch

State of Texas Red River Land district

J. McLean D. Orr surveyor

in and for the district aforesaid certify that above map is a true representation of the survey therein set forth, that their calls do not interfere with each other but appear to be fairly recorded as surveys, and that no conflict appears from the mapping calls of the respective lines of said surveys

GIVEN under my hand August 2^d 1853

J. D. Orr SR RL District

N.B. The above examination as set forth was made in order to correct the place of beginning of the survey most north belonging to S. E. Smith, it appearing that the record of the field notes, and the original, were different. The same has been inserted as the facts fully appear of Record August 2^d 1853 J. D. Orr SR RL
counter 38142

Said E. Smith's Northern Neb. corner survey leads to begin when corrected
188 runs South, and 1343 East of the S. E. corner of a survey made
for H. H. Clifton and so corrected on the field notes and upon the record
