District Surveyor's office
Houston District

Crockett Dec. 9. 1852

This is to Certify that I have connected by actual measurement the two blocks of leagues in Trinity County one of which contains the leagues granted to Manuella Mearmon, M. B. Mancha John C. B. George and others - and the other those granted to Ignacio de los Santos Coy. Ignacio Chapa, M. J. Castro and others - (all titled in 1835) and find that the South Corner of the Manuella Mearmon league is $N 28^{\circ} 45' E 6214$ varas from the most eastern corner of Ignacio de los Santos Coy league.
